## AGENDA

### *The New Agenda*

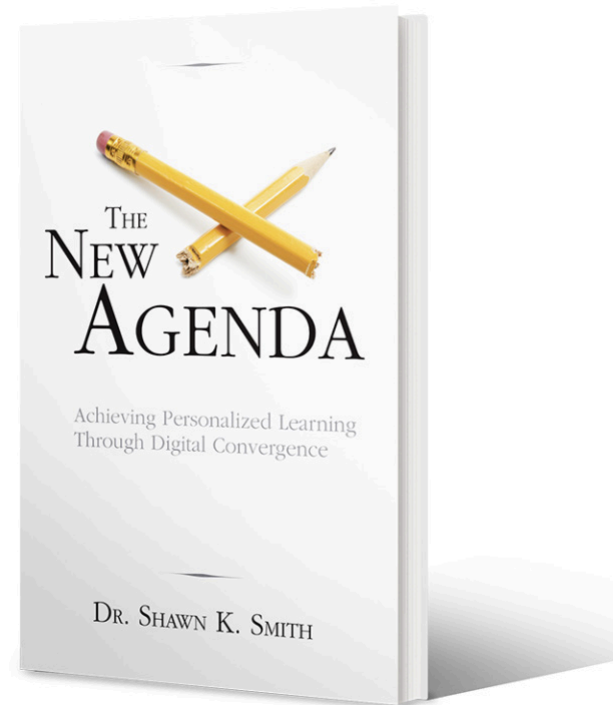

Dr. Shawn K. Smith will share best practices and latest insights outlined in his new book, *The New Agenda - Achieving Personalized Learning Through Digital Convergence*.

### Digital Convergence Framework & Network

Learn more about a) the methodology for achieving goals toward modern learning at the district level, and b) the collaborative and momentous power of networking with fellow district leaders.

### Digital Convergence Assessment

Discover how benchmarking can assist schools in identifying where they stand on the path to leading modern learning environments. Districts and schools will complete the assessment and receive a customized report on where they are in the convergence journey.

## MEET THE AUTHOR

Dr. Shawn K. Smith is a former teacher, principal, and most recently served as Chief of Schools for Chicago Public Schools. He currently serves as President of Modern Teacher and a national leader on issues surrounding digital education and pedagogy. Dr. Smith is compelled to preserve education's rich heritage and support America's teachers and leaders as they transition traditional classrooms into modern learning environments.
